SEE THE POSSIBILITIES
“Working together through the Annual Campaign allows us to tackle some of the most critical issues in our community. We inspire people to live with the values of caring, honesty, respect, and responsibility. We work together to help youth make new friends, develop new skills, enjoy more physical activity, and do better in school. We empower members and program participants of all physical conditions to improve their health while developing supportive relationships. We give people a place to belong, regardless of ability to pay. Your contribution provides these opportunities. Together we create a better us.

“I love the Y. My membership has allowed me to attend group exercise classes, swim laps in pools, work out using the machines upstairs, and lift weights, all of which help my Multiple Sclerosis symptoms and tone my body. There are plenty of staff to help, guide, and protect me from danger. I feel loved, encouraged, and KNOWN. I love the smiles, hugs, and warmth I receive from everyone. My experiences here have been a blessing.”

—Financial Assistance Recipient

“We’re just so thankful for all the experiences and skills made possible for our family through our YMCA membership—especially this year when we are receiving significant financial aid due to a recent employment loss. Our kids will have an amazing summer full of activities, just like last year... Thanks largely to your programs and the generosity of your donors!”

The Treasure Valley is home to an increasing number of individuals and families who require support from the community because of an inadequate service infrastructure and/or income sufficient only for basic needs. The YMCA’s commitment to social responsibility and to providing support to all is at the root of our work. We believe that every person deserves the opportunity to reach their highest potential.

The Annual Campaign is a fundraising effort that supports Financial Assistance and subsidized programming. It ensures that all youth, adults, and families can participate in Y membership and programs, regardless of their ability to pay.

Please consider a gift to the Annual Campaign.
