

## OPTION 1: CHECK-IN via Mobile App

### SEARCH

### SCAN or CLICK

#### IPHONE

#### ANDROID

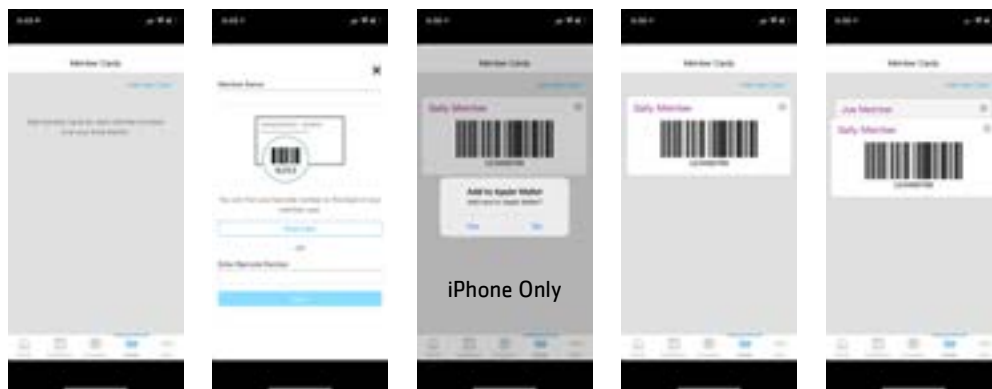

**1** Click to download the Daxko App from the [App Store](#) or [Google Play](#).

**2** Install the app. When you open the app, it will prompt you to search for your Y. Search for Treasure Valley Family YMCA or your branch name and select it. (The next time you restart your phone, the app icon will change to the Y logo.)

**3** Choose [Cards](#) from the menu at the bottom of the app screen. Then select [Add New Card](#) in the top corner. Enter your first and last name under [Member Name](#) and the code you use to check-in at the front desk in [Enter Barcode Number](#). Click Save.

**4** On iPhone, you have the option to add your membership card to your Apple Wallet. (If added, it also works on Apple Watch.)

**5** When you enter the Y you will see two barcode scanners at the front desk where you previously used a keypad. Simply open your app to the Card screen and scan the code.

## OPTION 2: CHECK-IN via Key Card

For those without the ability to use the mobile app, a key card with barcode will be assigned to you. You will scan this card to check in each time you visit a facility. Please ask for this card at the front desk.

### PLEASE NOTE:

Members who forget their card or don't have their phone with them will need to let the front desk staff member know their check-in code. The front desk staff member will manually check them in—all keypads have been permanently removed.
